

# Clews Management Solutions

**CLEWS MANAGEMENT INSTALLATIONS & FIELD SERVICES**

## Trained and Equipped to Work Safely at ANY HEIGHT

We stay on-site until the job is complete. We troubleshoot, fix, or replace Opi StorMax cables. We supply & install CABLES BY CLEWS (BIN-SENSE).

- Do you have cables that are not reporting?
- Is your StorMax monitor not programmed and working properly?
- Do you have a poor quality install?

**Call us for any service / training questions or concerns about your grain monitoring system.**

Roof exhaust fans to assist in reducing condensation when in-bin drying
